

R1 USDA Forest Service Renewable Resource Management

RRM current organization/ POC updates:

Barbara Garcia	Deputy Director/Acting Director (of most everybody—ha ha!)
Vince Archer	Regional Soil Scientist/Disaster Relief
Thor Burbach	Regional Water Rights PM
Michelle Cox	Regional Invasives Species Coordinator
Andy Efta	Regional Hydrologist/Acting Fisheries Biologist
Amanda Hendrix	Regional Botanists/Acting TES PM
Mary Manning	Regional Vegetation Ecologist/RNA Coordinator
Diane Probasco	Regional Assistant TES/Acting Wildlife PM

Interim and final re-organization.

FY 26 Budget

R1 USDA Forest Service Renewable Resource Management

Thank you for invasive species alerts.

It has been very helpful; we have received great feedback from our AIS and TIS folks

We also want highlight the continued success on the contracting for sharing and maintaining the natural resource data, species alters, and species accounts.

Lolo NF finalizing SCC list in the FPR process.

RO provided additional funds for plant monitoring/plant species updates.

Second year of MT Bumble Bee Atlas and excited to have that data for the state.

Second year that some forests conducted moth surveys through the MT Moth Project

R1 USDA Forest Service Data, Information, & Geospatial

Staffing:

Rachel Corley – Primary Point of Contact, Regional GIS Specialist, rachel.corley@usda.gov

Hilary Rigby – Regional Data, Information, Geospatial & Forest Management Director, hilary.rigby@usda.gov

Rebecca Lilja – Regional GIS Program Lead, rebecca.l.lilja@usda.gov

Information Sharing: <https://www.fs.usda.gov/r01/data-tools/>

A great resource to find local and national geospatial data sets and Northern Region VMap data, publicly available interactive ArcGIS Online products, including StoryMaps and web map applications, and a collection of public national Forest Service dashboards.

*We will be releasing our new Cross-boundary Map in the new year.
